

Essential COVID-19 resources to support healthcare professionals

**Clinical guidance, online modules, BMJ articles and podcasts.**

This is an interactive PDF, click on the blue boxes below to visit the resource relevant to you.

## 01. Latest diagnosis and treatment guidance from BMJ Best Practice

Fast access to the latest, evidence-based research and information to support your clinical decisions.

[Coronavirus disease 2019 \(COVID-19\) topic page](#)  
Latest diagnosis and treatment guidance.

[Management of coexisting conditions in the context of COVID-19 topic page](#)  
Summary of important considerations for the care of people with co-existing medical conditions during the COVID-19 pandemic.

[COVID-19 patient leaflet](#)  
Patient information from BMJ.

## 02. BMJ podcasts

[BMJ talk medicine COVID-19 playlist](#)  
Bringing you a curated selection of podcasts relating to COVID-19 across *The BMJ*, our specialist journals, BMJ Learning and Best Practice. The purpose of these podcasts is to educate and to inform. Experts summarise the latest clinical guidance, give tips on how to cope in isolation, cover stories from the frontline and much more.

## 03. Supporting modules on BMJ Learning

[The dedicated hub on BMJ Learning provides modules for COVID-19 treatment, fast-tracked students, return to practice and wellbeing.](#)

## 04. *The BMJ*

[Read the latest issue of \*The BMJ\* covering the wider health effects of COVID-19 lockdown.](#)

## 05. Visual summaries by *The BMJ*

Free to download.

[PPE guidance](#)

[Remote consultations](#)

[COVID-19 in primary care \(UK\)](#)

## 06. Looking for more?

[You can read our extensive coverage of the pandemic on the BMJ COVID-19 hub which includes all research, education, news, opinion and treatment updates from across the BMJ.](#)
